

Helping the Homeless with Our Love

Dear Mr. Wong,

Every day, I see many homeless people on the street, full of hollowness in their eyes and helplessness on their faces. This has given me and my club members a thought and inspired us to hold a charity event to help the homeless.

Event Objectives

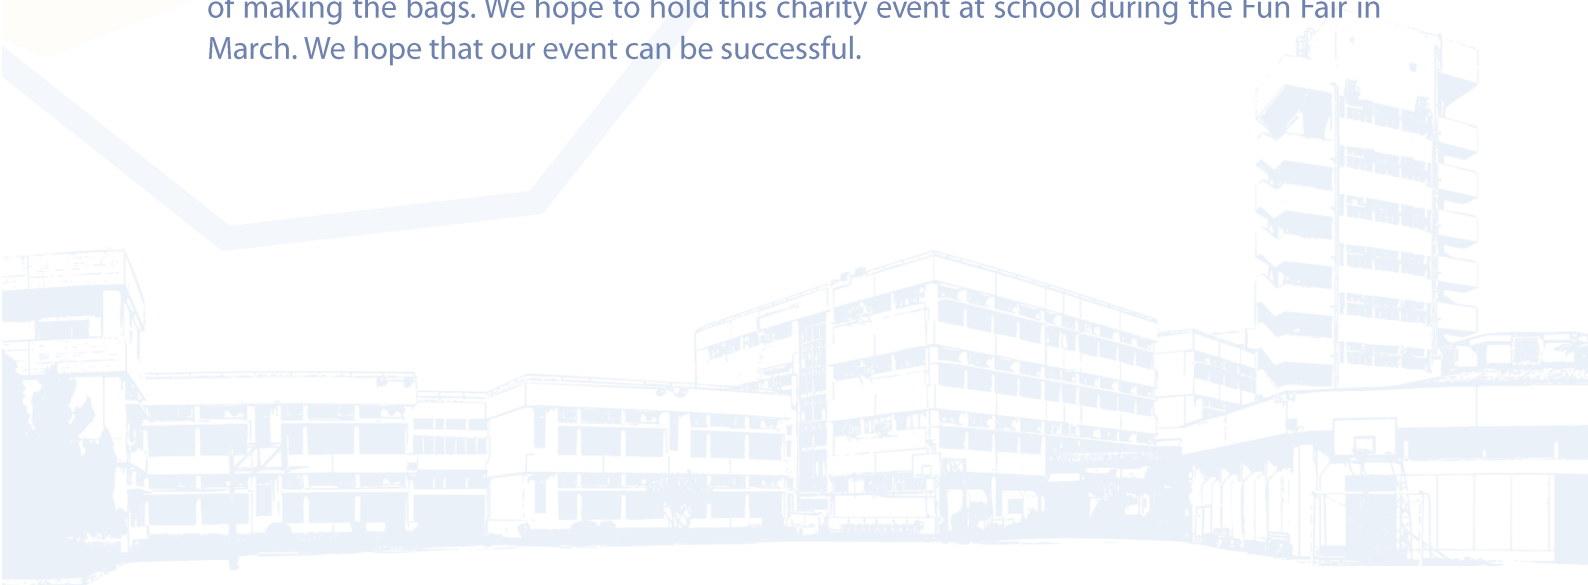

In order to help enough homeless people, we aim to raise around HKD\$2000 to help them, setting the price at around \$10 to \$30 for each bag designed by our students. Although the target amount seems like a small amount for the homeless to have a perfect and comfortable home to live, we still hope that they can have enough food to eat, clean water to drink and new clothes to wear.

Benefiting Charity

We plan to donate the money we raise to the charity called Impact HK. It provides direct holistic support to the people who have been experiencing homelessness and empower them to transform their lives. Impact HK has provided 514 shelters for homeless people in the past years. It is a reliable charity, so we have decided to donate the money to them and help the homeless ones.

Event details

In the project, we plan to sell bags to raise money. Here are the event details. First, we will set a donation box for students to donate old clothes. Those clothes will be the materials for our handmade bags. As there will be different types of clothes collected, there is no need to spend extra money on buying new clothes. This can reduce the expenditure on materials. Next, we will make the bags by ourselves. There will be a few types of bags, such as tote bag, rope bag and slant bag. This can provide more choices for people to choose from. As the number of members in our club and skills are insufficient, we have decided to recruit some volunteers from the Sewing Club to help us. This can maximise the time of making the bags. We hope to hold this charity event at school during the Fun Fair in March. We hope that our event can be successful.

To conclude, it is hoped that our event can raise as much money as possible. We hope to reduce the cost and expenditure and sell most of the bags. Most importantly, we hope to help as many homeless ones as we can. It is therefore strongly hoped that our charity event can be approved.

Thank you for reviewing our proposal. If you have any questions, please feel free to contact me email at abcd@scsg.com or by phone on 12345667.

Yours sincerely,
Chris Wong
Chairperson
